

Role Profile

Job Title:	Project Manager (Green Recovery)
Grade:	PO5
Department:	Customer Relations, Environment and Culture
Section:	Environment and Climate
Reports to:	Programme Manager (Green Recovery and Cleaner Greener)

PURPOSE OF ROLE:

The postholder will be responsible for project managing a suite of projects presented in the Green Recovery Strategy, under one of the following themes:

1. Low Carbon Neighbourhoods
2. Low Carbon Economy
3. Green Growth and 21st Century Mobility

This role is a critical role in the Green Recovery and Climate Emergency Programme Team, part of the wider Environment and Climate Division.

Following the first phase of the Outcome-Based Review over the Summer 2020, we are resetting our Environmental ambitions and our drive to deliver a recovery that is green and transformative for our borough and residents.

Reflecting our values and behaviours, we are establishing an ambitious change programme that connects our support to the community. The role will work to lead change by working across all departments, with Members, multiple services users, communities, multiple agencies and other stakeholders.

You will work within a team of specialist individuals. Your role will have significant opportunity to transform Hounslow's public realm, with the priority aim of delivering the Council's ambition to deliver a net zero borough by 2030 and other environmental targets.

The role is initially for a two-year fixed term, during which time it is critical these projects are established and delivered at pace, given the focus on recovery from the Covid 19 Pandemic. This lead role presents an exciting opportunity for an ambitious individual capable of leading a complex set of change projects to deliver the strategies and associated action plans. You will oversee all aspects of the project using planning, monitoring and controlling processes in accordance with corporate policy and best practice project management techniques to ensure the projects maximise impact. You will also manage project budgets and also seek opportunities to bring additional investment into the borough through new means of funding.

KEY ACCOUNTABILITIES

1. To work effectively as part of the Council's Environment and Climate team, delivering corporate objectives detailed in the new corporate plan, through the work of the Customer Relations, Environment and Culture directorate.
2. To support the Programme Manager as part of a team delivering the Council's strategic priorities for the green recovery and climate emergency.
3. You will lead a suite of projects in your theme, working collaboratively across the organisation and with our local partners to enthuse and take forward the ambitions the Council has set out in the borough Recovery Plan, Green Recovery Strategy and Cleaner Borough Strategy, Under the Greener Borough Framework.
4. To work as part of multi-disciplinary project teams to enable the breaking down of departmental and inter-departmental barriers, and encourage the concept of both internal and external partnership working.
5. You will work with the Programme Manager and others to establish an Exemplar in the Environmental Programmes field, developing agile ways of working that encourage collaborative working across teams and develop a 'Test and Learn' approach that allows each area of programme delivery to be socialised before it is launched.
6. You will work to deliver high quality analysis, deep insight and updates on progress against key milestones and targets. Evaluation is a critical factor and you will ensure the programmes can evidence impact.
7. To provide professional advice to Councillors and other officers on relevant areas of service delivery and strategy, ensuring compliance with the Council's standing orders.
8. To promote a philosophy of putting service user needs first at every opportunity and to put in place management arrangements that work to action this.
9. To work collaboratively with key stakeholders, Councillors, local residents and the voluntary sector in improving service quality and promoting creative and innovative ways of tackling problems, particularly looking at developing strategies such as the allotment and cemetery strategy to meet the needs of our community and our users.
10. To raise performance in Hounslow by contributing to a culture of continuous improvement, collaboration, collective aspiration and performance.
11. To take active steps to contribute to the achievement of all of the Council's priorities through the efficient and effective delivery of responsibilities and capital projects.
12. To provide leadership, planning and monitoring on green recovery projects, as allocated by the programme manager, in some cases tracking projects delivered by others under your designated theme.,
13. To ensure the delivery of the Council's vision and objectives, as defined in Council commitments and agreed Service Plans, in accordance with all Council standards and procedures.
14. To be responsible for developing the project plans, resource plans and milestones, tasks and the management of risk, outcomes and finances.
15. Co-ordinate procurement of works and professional services. This includes writing briefs and specifications, seeking opportunities for codesign with residents and public, preparing contact documents, obtaining quotations and tenders, and letting and managing subsequent contracts.

16. To be proactive in building positive and productive networks across councils, partners and other organisations, and with residents, community groups and other interested stakeholders.
17. To ensure effective communication and consultation strategies are in place and implemented with residents, community groups and stakeholders are informed and consulted with accordingly

These are the values that drive us:

Lead with heart

We're here for the people of Hounslow. We work together with them and for them with care and compassion, with patience and in partnership. We put ourselves in other's shoes, remembering that every person is different, and every interaction is a real moment in their lives. We always feel first.

Do new

We need to do things differently if we're going to help Hounslow people thrive in the future. Hard work is important but it's not enough on its own. We need to challenge ourselves to break new ground, invent new approaches, try new ideas keep moving forward and keep improving. That means being ready to stop doing things we've done before. It means taking on risk and backing each other when we take a leap.

Pass on the power

The world keeps on changing and we need to change with it. We won't be able to adapt fast enough to the future needs of our residents if we stick to old fashioned command and control. We need to hand over responsibility and give people more power to make decisions and take action themselves. It's about being transparent and straightforward. It's about providing tools and support. But most of all, it's about being ready to trust each other to do the right thing.

Harness the mix

We work together, across disciplines and roles. We talk lots, share our insights, our skills and experience. We're not interested in siloes or defensiveness. We're always open to different approaches, we're flexible and ready to adapt. We break down the barriers between our parts and people to unlock the problem-solving power of our amazing mix of minds.

Be a rock

There's lots to do and people need us. It's up to us to take the initiative. To take responsibility. To stand up and be counted. Everyday. It's about being super focused, effective and efficient. It's about allocating our resources smartly and with good rationale – using data to help guide our decisions. But most of all, it's about having the strength and determination to keep on going through thick and thin.

Employee Specification

The top 5 things about you that are most important:

We are looking for a capable individual with the enthusiasm, ambition and skills to deliver a Green Recovery, whilst also playing a part in tackling the Climate Emergency. This is a position that will make real changes to the borough and the choices individuals make in an environmental context. You will be managing and delivering a number of innovative projects that feature as part of the Council's environmental programmes. With the innovation in mind, you may not be able to demonstrate that you have 'done this before', so we are looking for an individual who has the capability, understanding and potential to make our projects a success.

You will be able to demonstrate as a project leader in the environment field with a strong track record of delivering transformative environmental change. Proven track record of planning and delivering project work using a structured project management methodology in an agile way

You will bring experience of business partnering, working within a complex environment of providers, with experience of working within complex organisations, bringing relevant skills and experience to the role. Experience of working with funders and in a political environment will be important skills, along with a knowledge of the legislative framework in place.

You'll have sound experience of developing excellent relationships with communities and you will be able to prove that you have delivered significant outcomes for residents and partners, through working in collaborative ways.

You've developed excellent project and performance management skills, and with them can demonstrate a track record of implementing excellent tactical solutions. You are committed to building knowledge of the environment, environmental change and making changes that address the needs of residents, businesses and our communities.

Qualifications:

You are qualified in an Environmental discipline; or you have a relevant degree, or demonstrable work-based experience that evidences an equivalent level of attainment and competence.

You are a qualified Project Manager, familiar with Agile and other project management methodologies or can evidence an equivalent level of experience and competence.

You also engage in continuous professional development.
